4. Keep **TRASH** and **YARD WASTE** containers to 40 lbs. or less.
5. Don't put containers in front of your mailbox or behind parked vehicles.
6. If you move, leave your recycling cart at your old home for the next resident to use.

YARD WASTE

- Put leaves, brush, branches, and grass clippings in a standard kraft paper yard waste bag or reusable container made of metal or rigid plastic, equipped with handles, and marked with an "X" on all sides.
- Tree limbs and branches can not exceed 4 ft. length or 4 in. diameter.
- Branches must be tied into bundles or containerized.
- Free backyard composting kits are available from the County.
- Natural Christmas trees, wreaths, and garland are accepted. Remove all lights, ornaments, and bags. Cut tall trees in half.
- **DO NOT** use plastic bags, reusable fabric bags, or County issued 35, 65, or 95-gallon yellow carts for yard waste. Non-rigid, lightweight containers, including fabric, plastic, collapsible mesh, or similar reusable bags, are not an acceptable container for the following reasons:
 - Difficult to recognize at the curb as a yard waste container
 - Difficult to completely empty; twigs, sticks, small branches, and similar materials tend to become tangled inside them
 - Can be mistakenly taken as a trash item
 - Difficult to secure once emptied; may blow away before retrieval
