A public meeting has been scheduled from 6:00 p.m. to 7:00 p.m. on Tuesday, February 10, 2026, at DPW Utility Operations in Millersville to discuss the construction of a paved outdoor storage area across from Utility Operations and County Central Services Garage. The project will provide more efficient storage of materials, leading to quicker response times for repairs.

Construction is anticipated to begin in summer 2026 and be completed by summer 2027. Work will be conducted from 7:30 a.m. to 4:00 p.m. Monday through Friday.

No roadway closures or detours are anticipated. However, temporary traffic control measures such as flaggers, cones, and signs may be used during equipment loading or unloading.

During construction, residents can expect to see tree and brush removal, excavation equipment operating within erosion control fencing, and construction vehicles parked along Maxwell Frye Road. There will be increased activity and noise from site clearing, grading and paving. After construction, DPW vehicles will enter and exit the site primarily between 6:30–8:30 a.m. and 2:30–4:30 p.m.
