APPEAL BASIS: Residential property placed in wrong residential tier for the purposes of the WPRF.

On the property tax bill, the property is currently: WPRF01/Tier 1 WPRF02/Tier 2 WPRF03/Tier 3
 However it should be classified as: WPRF01/Tier 1 WPRF02/Tier 2 WPRF03/Tier 3

REASON:

- The property's tier is incorrect based on its zoning
- The property is an attached dwelling in residential zoning but is not categorized as Tier 3
- The property is Tier 1 but should be classified as Tier 2 as the property has less than 2,900 square feet of impervious surfaces
- The property is Tier 2 but should be classified as Tier 3 as the property has less than 1,200 square feet of impervious surfaces

Residential Tiers

WPRF01 / Tier 1: Residential property with a detached single family dwelling in Rural Agricultural (RA) or Residential Low Density (RLD) zoning

WPRF02 / Tier 2: Residential property with a detached single family dwelling in R1, R2, or R5 residential zoning

WPRF03 / Tier 3: Residential property in R10 or R15 residential zoning or an attached dwelling in RA, RLD, R1, R2, or R5 residential zoning
