1. Welcome
2. Health Department Presentation
 - a. Presentation of the results of the school based health center survey with Brooklyn Park Middle
 - b. Data maps created: <https://hilltopinstitute.org/aasbhcmmaps/>
 - c. Suggestion to survey students at elementary schools versus middle school to make sure the community is represented in the results
 - d. Will the clinic be after school? Appointments could be done during school hours with consent from parents
 - e. Parents would have option to review potential services and medications available to give consent
3. Contract Updates
 - a. Partnership staff are currently designing scopes of work for vendors
4. Committee Updates
 - a. Monitoring committee: Will meet March 25 and include an overview of what the Partnership does for monitoring and to see how everyone would like to plug in
 - b. Prenatal committee: The Partnership will plan to apply for a Healthy Families grant with the Health Department from the state
 - c. Policy committee: Will be adhoc and will meet when a policy area is identified
 - d. Patty Center committee: Will now be the infrastructure committee to talk about other needs like grocery store and community center. Dr. Palmer is looking to tour a facility in the area.

5. General discussion

- a. Post Office - There will be a meeting with elected officials and the community to discuss how to move the zip code change forward
- b. Follow up with Lawrence about school based health centers - Implementation money is a need
- c. Action Baybrook - Working on the brown space at Potee
- d. Dan has a connection with someone who has invested Edmonson Village and will introduce them to the Partnership
- e. Development is slated to come in the former Belle Grove Corporation area
 - i. This could harm the efforts made by ENOUGH
 - ii. The development moratorium has stopped this work but concerned they will find loopholes to continue
