For **CPR** classes and other resources, scan below

Operating Boat

- Take and pass boaters safety course
- Know the rules and regulations of navigating waterways
- Verify your boat is mechanically operational and sound

Precautions

- Check weather before setting out
- Store safety equipment (flares, fire extinguisher, lifejackets) onboard in case of emergency
- Understand emergency procedures

Safety

- Never drink and operate boat
- Children under 12 wear life jackets
- Avoid excessive speeds
