Project #P588412

A public meeting has been scheduled from 6:00 p.m. to 7:00 p.m. on Wednesday, July 1, 2026 at Baldwin Hall to discuss plans to build a new Crownsville Sewage Pumping Station at 1215 Farm Road, Crownsville. The project also includes construction of a new force main, extending four-plus miles along Generals Highway to link up with other piping so wastewater can ultimately go to the Annapolis Water Reclamation Facility. The existing wastewater treatment plant at the Crownsville Hospital Memorial Park will be decommissioned.

Construction is tentatively expected to begin late 2026 and continue through 2028. During the work, lane/shoulder closures will be required along Generals Highway. Construction will not impact water or wastewater service.
