C106700 Advance Land Acquisition

Project Class:

General County

Description

Dept:

DPW-Engineering

Funds in this project are used to provide a revolving account that is administered by the Chief Administrative Officer. The account is for land acquisition for capital projects planned within the next five years.

Benefit

This project permits the County to purchase land in advance of the year in which projects may be funded, and thus provides the following benefits: aids in securing the best sites available; eliminates potential price increase due to inflation in the real estate market, helps to improve the pattern of land uses; and saves the County excessive expenditures for land.

Project Status

- 1. Current Status Of This Project: Active
- 2. Action Taken In Current Fiscal Year: Multi-Year
- 3. Action Required To Complete This Project: Multi-Year

Changes from Prior Year

- 1. Change in Name or Description: None
- 2. Change in Total Project Cost: Replenish fund balance
- 3. Change in Scope: None
- 4. Change in Timing: None

Financial Information

Initial Total Cost Est: \$1,350,000
Year First Apprvd: 1987
Est. Operating Budget Impact: Potential savings/cost avoidance

Project Class:

General County

Description

Dept:

Health

This project is authorized under §§ 15-4-401 and 15-4-402 of the County Code, that authorize the Health Officer to abate health and safety hazards and nuisances. This project is also authorized under the Building Code, §§ 115.6 and 115.8.4, that authorize the Building Official to institute repairs or demolition of unsafe structures in cases where property owners fail to comply with the Building Code or in cases of emergency. This project also includes funds for the abatement of zoning violations when permitted by an order of court in an action to enforce provisions of the County Code.

Benefit

The project is necessary to meet health and safety regulations.

FY2027 County Executive Proposed

Anne Arundel County, Maryland

C443400 Agricultural Preservation Prgm

Project Class:

General County

Description

Dept:

P & Z

Provides funding for the purchase of agricultural easements or fee simple interest in accordance with the County & State Agriculture, and Woodland Preservation Programs. Easements, in the form of development rights, are purchased from qualified property owners of agricultural and woodland properties. Funds may also be used to match or augment other state or federal agricultural preservation programs such as Rural Legacy. Additionally funds will also be used to purchase relevant computer hardware & software that is deemed necessary to the program. Funds are provided from county revenues as well as state agricultural land transfer tax receipts. Because the Maryland Department of Planning has certified the County's agricultural land preservation program, the county retains 75% of locally generated agricultural land transfer tax receipts, which are computed as a 5% state tax on the transfer of land being converted from agricultural to non-agricultural use.

Benefit

Agricultural and woodland preservation to support the agricultural economy, maintain rural landscapes, provide environmental benefits, and support County growth management policies.

C562400 Add'l Salt Storage Capacity

Project Class:

General County

Description

Dept:

DPW-Hwys

This project provides funding for design and construction of additional or enhanced salt storage structures, located in the northern and central part of the County utilizing existing road maintenance facilities.

Additional salt storage capacity at two locations (St. Margaret's and Mountain Road Yards) has been achieved; increasing the County's salt storage capacity from 3.875 tons/mile to 4.25 tons/mile. Upon the completion of the added capacity at the next three locations (Dover, West County, and Davidsonville Road Yards), the County's salt storage capacity will approximately 5.07 tons/mile.

Benefit

Service expansion to provide added salt storage capacity. Improve efficiency of snow and ice removal.

C565400 Fiber Network

Project Class:

General County

Description

Dept:

Info Tech

This project provides funding to connect the remaining 42 schools to the Anne Arundel County Fiber Network. Anne Arundel County operates a fiber optic broadband network delivering high speed data services to over 220 locations in the County. Schools, community colleges, fire stations, police stations, libraries, courts and other County and State facilities have been connected and operated by the County since 1994. Construction of the connections to these sites have been funded, for the most part, by PEG Grants. Funding is limited from year to year. This Project provides the funding to connect the remaining elementary schools to be connected now.

C582800 EV Charging St & Oth Grn Tech

Project Class:

General County

Description

Dept:

Central Svcs

Study the feasibility and implement a transition program of fossil-fueled vehicles to hybrid/electric vehicles through engine conversion and replacement purchases. Study, design & construct the necessary infrastructure to support the County's electric/hybrid vehicle fleet, including charging stations, garage and fuel station renovations, purchase and installation of specialized maintenance/repair/safety equipment for vehicles and chargers/charging stations, and training. Also study implementation of other green technology options.

This project was assigned (or a portion of it) to the Resilience Authority of Annapolis and Anne Arundel County (RA), which is dedicated to helping the County meet its infrastructure needs for the next century.

Benefit

Electric vehicles can reduce the emissions that contribute to climate change and smog, improving public health and reducing ecological damage.

C594900 Network & Security Enhancement

Project Class:

General County

Dept:

Info Tech

Description

Anne Arundel County is launching a comprehensive technology initiative to integrate departmental, business, and public needs through enhanced digital infrastructure.

Key components of the project include: *Modernization: Upgrading network/telecommunications hardware and software. Security & Management: Installing systems to strengthen cybersecurity and improve user experience. Physical Security: Deploying enterprise video surveillance across county facilities. Infrastructure Monitoring: Procuring tools for comprehensive enterprise monitoring.*

This project aims to strengthen security, improve efficiency, and support modern, collaborative government operations.

Benefit

This project is designed to modernize and fortify Anne Arundel County's wired and wireless IT infrastructure and telecommunication systems. This budget ensures a highly secure, resilient network environment and is responsible for enhancing the video surveillance infrastructure throughout the county, while providing robust support for essential hardware, software, and enterprise cybersecurity operations.

C579900 Arundel Ctr Elevator Modern.

Project Class:

General County

Description

Dept:

Central Svcs

This project will complete the modernization or replacement of the two elevators in the old side of the Arundel Center to include upgrading critical parts, adding new technology, improving performance, improving safety, and allowing for ADA compliance. This also includes lobby improvements and environmental abatement.

Benefit

Elevators are old, need constant repairs, and parts are obsolete. Elevators have been inoperative for months at a time while parts are manufactured for replacement. Elevators are non-compliant with ADA requirements.

C582700 Forest Conserv Mitigation

Project Class:

General County

Description

Dept:

I & P

Funds are approved, requested and programmed for this project to establish a forest mitigation bank for capital projects. All capital projects that remove a certain percentage of trees from a site, including, but not limited to schools, libraries, trails and parks are required to mitigate forest loss through the afforestation or reforestation of other properties, or pay a fee in lieu of mitigation.

This project provides a revolving fund to mitigate forest loss from capital projects through offsite afforestation or reforestation. This project will be reimbursed by the specific capital projects.

Benefit

These funds will be used to avoid fees in lieu for capital projects by securing lower cost afforestation and reforestation agreements with private property owners throughout the county.

General County

Description

Dept:

Central Svcs

Redevelop the Glen Burnie Town Center Plaza in order to improve outdoor community event and gathering space, increase resiliency and stormwater management, and better direct pedestrian traffic. The County will partner with the Resilience Authority to manage this project. This request will support design and construction of the plaza improvements.

This project was assigned (or a portion of it) to the Resilience Authority of Annapolis and Anne Arundel County (RA), which is dedicated to helping the County meet its infrastructure needs for the next century.

Benefit

The 2021 Glen Burnie Town Center Revitalization Plan highlighted the potential for privately owned property investment as well as inspiration for how to improve county owned property. Since the Plan was released, the County has partnered with various stakeholders.

C591400 UM BWMC - Cardiac Cath Labs

Project Class:

General County

Description

Dept:

Health

This project will provide County assistance toward the expansion and renovation of BWMC's cardiac catheterization labs.

Benefit

The new space will be equipped with advanced imaging technology and diagnostic robotic equipment, which are reshaping the industry. The evolution of these labs will increase our ability to provide patients with greater multi-specialty expertise and care in the areas of pulmonary intervention and, for stroke patients, neuro-vascular intervention.
