PUBLIC MEETING ANNOUNCEMENT

WHO: Anne Arundel County Department of Public Works
Bureau of Watershed Protection & Restoration (DPW - BWPR)

WHAT: Clark Station Road Drainage Improvement Project #B582501

WHEN: Wednesday, August 12, 2026 from 6:00PM - 7:00PM

WHERE: Online. Please visit the project website for details or scan the QR code included in this notice.

The Anne Arundel County Department of Public Works (DPW) would like to inform you about a Capital Improvement Project in your area. This project is part of the County's ongoing efforts to maintain and improve critical infrastructure that supports safe, reliable and sustainable communities.

About the Project

The design includes the installation of storm drain pipes and structures along Clark Station Road and several side streets. A new stormwater outfall will be installed south of Clark Station and WB&A Roads. The proposed improvements will rectify surface drainage issues, surcharged storm drains and structures, and inundated channels.

The project limits extend from Harvey Avenue in the north to a point 600 feet south of the intersection of Clark Station and WB&A Roads. Refer to the Project Area Map on the next page with the project limits marked in blue. Total project length is approximately 3,400 linear feet. Construction is currently scheduled to start in fall 2027.

To access project updates, documents, contact information, and public meeting information go to:
